Organized by: National Service Scheme (NSS) Office, Savitribai Phule Pune University, Pune

Date: 28 July 2026

Venue: Sant Namdev Hall, Savitribai Phule Pune University, Pune

The National Service Scheme (NSS) Office, Savitribai Phule Pune University, organized the **"Nasha Mukti Yuva" (Drug-Free Youth) Campaign** on **28 July 2026** with the objective of creating awareness among young people about the harmful effects of drug and substance abuse. The campaign aimed to encourage students to promote a healthy, drug-free lifestyle and contribute towards building a responsible and addiction-free society.

Four NSS volunteers from **Sinhgad Academy of Engineering, Kondhwa, Pune—Sujit Gajare, Harikesh Veer, Shrikant Tathe, and Pranav Sargar**—participated in this campaign as **Squad Volunteers** representing our college. Their responsibility was to actively support the awareness campaign and coordinate with the authorities in carrying out various activities.

As part of the campaign, **one police station was assigned to each participating college** to ensure proper coordination and support. The squad volunteers worked in collaboration with the assigned police station to spread awareness about drug abuse, interact with citizens, encourage them to report drug-related activities, and guide them on the appropriate authorities to contact for complaints and assistance. This collaborative approach strengthened the effectiveness of the campaign and promoted community participation in maintaining a drug-free environment.

During the programme, experts and officials highlighted the physical, mental, social, and economic consequences of substance abuse. They encouraged students to stay away from all forms of addiction and become responsible citizens by spreading awareness among their families, friends, and society.

The venue for the programme was changed from the previously announced **Swarajyarakshak Dharmaveer Chhatrapati Sambhaji Maharaj Hall, Iravati Karve Complex** to **Sant Namdev Hall**, and all participating volunteers were informed in advance. The volunteers attended the programme on time and actively participated in all the sessions and awareness activities.

The campaign provided the volunteers with valuable exposure to community service, public awareness initiatives, teamwork, discipline, and coordination with law enforcement agencies. It also strengthened their understanding of the importance of youth participation in social welfare programmes and inspired them to continue working towards a healthier and addiction-free society.

Conclusion

The **Nasha Mukti Yuva Campaign** was an informative and inspiring initiative that emphasized the importance of creating a drug-free society. It enhanced the volunteers' sense of social responsibility and demonstrated how educational institutions, NSS, and the police administration can work together to address social issues effectively. The experience motivated the volunteers to continue participating in similar awareness programmes and to spread the message of a healthy, addiction-free lifestyle within their communities.
